My League sisters...

Who says legislation is boring??? No way!

We are all listening intently to the news coming from our neighbour south of the border, that the United States Supreme Court may be overturning the Roe vs. Wade court ruling of January 22, 1973.

The information available is endless and available from a variety of media – television, radio, and the internet. There is a very interesting article in the Catholic Register at www.catholicregister.org and the US Conference of Bishops has a statement at www.USCCB.org. Many Catholic organizations have responded online – just type roe vs. wade and catholic into your browser and you will be overwhelmed by the extent of the information.

Many states are ready to ban abortion once the ruling is final. Many are ready to ban abortion at a particular point of gestation. There will be much discussion and debate among many sources in the days and weeks ahead.

How will this all impact the States? How will this impact Canada? Our politicians state that this will not have an impact here. But we know better! Take the time to listen and to read. Stay informed on this contentious issue. And most of all, PRAY!

Recently our Provincial President forwarded an email originally sent from National Spiritual Development Chair, Cathy Bouchard, "Your Pro-Life Voter's Guide" in time for our upcoming Provincial election. Check out where your candidates stand.

Blessings,

Mary-Lynn
